Dear Potential Sponsor:

Each year Stomp Out Cancer continues to advance the cause of battling Ewing's Sarcoma – a form of bone cancer that attacks children and young adults. We are gearing up for this year's campaign by releasing a Volume 2 CD entitled "Hope," and also will be hosting a benefit dance, and silent auction.

We are currently reaching out to those who may be able to sponsor our dance, and also possibly donate some type of good to be auctioned off at the silent auction.

Our charity started when Steven Mackin died from Ewing's Sarcoma in 2006, and in order for Steven's family to put their grief towards something positive Stomp Out Cancer was born. Last year we released a CD titled "Stomp Out Cancer: Indie Artists Fight Ewing's Sarcoma." This year, we are working to release another CD honoring a Ewing's Sarcoma patient who is still living. The CD is titled "Hope."

All sponsors will be listed in the CD liner notes, and on the StompOutCancer.com website. Sponsors will also have ad placement at the benefit dance, and if applicable – an item or good will be auctioned off at our silent auction. 100% of our earnings to Ewing's Sarcoma research – specifically less toxic treatment methods, and early detection tests.

Stomp Out Cancer, Inc. continues to work to help make a difference in the lives of people who are suffering from Ewing's Sarcoma. Each and every person affected by this Ewing's Sarcoma has reason to hope because great advances are being made in specific treatment advances.

However, continued research/funding is essential to help the over 400+ children and young adults of people are affected by Ewing's Sarcoma each year.

Today, you can make an immediate difference by helping to sponsor our event(s), and to donate a good/item for our silent auction. If you need more information, please contact Sheila Mackin at: 1-502-507-9617.

I hope we can count on you to help, and I thank you for your time.

With grateful appreciation,

Jake A. Wheat
